

Quality Policy

As a Contract Electronics and Fire Detection equipment Manufacturer, ZYTEQ TECHNOLOGIES is committed to providing products and services of superior quality and value to all its customers. The Company continuously strives to understand the needs of all its customers and other stakeholders, and to respond with superior performance to meet and exceed these requirements.

The Management of ZYTEQ TECHNOLOGIES has established and implemented this Quality Policy, which it believes is appropriate to the purpose and context of the organization and supports its strategic direction, by providing the framework for establishing and reviewing the management objectives and targets.

ZYTEQ TECHNOLOGIES is committed to:

- Satisfying all applicable requirements by ensuring that customer and statutory and regulatory requirements are determined, understood and consistently met.
- The continual improvement of the QMS and other business processes.
- Ensuring the risks and opportunities that can affect conformity of products and services and the ability to enhance customer satisfaction are determined and addressed and the focus on enhancing customer satisfaction is maintained.

This policy has been communicated to all employees and is available to all other stakeholders and interested parties. Employees are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others, or the environment.

This policy will be reviewed annually by top management and where deemed necessary, amended and re-released.
